

Technical Support Group (TSG) – Condom Promotion - Karnataka

TSG provides strategic support to SACS in designing, implementing, monitoring and evaluation of condom program in the state. TSG supports SACS for the yearly demand estimation of free condoms through appropriate forecasting techniques and further network with DAC and the ministry for the consistent free condom supply to the states as per the projected demand and supply schedule. TSG extends the handholding support to SACS in managing free condom supplies in terms of storage, inventory and logistics. TSG further provides technical support to the TI NGOs and other facility of SACS to undertake periodic condom gap analysis, stock management, storage, management distribution Pattern and ensure the reporting of weekly and monthly of free condoms status by TIs and other facilities in collaboration with TSU, SACS and DAPCU. Besides, TSG monitors and manages the social marketing programs implemented by SMOs, contracted by DAC for the state.
